# THE WINNIPEG BOARD OF TRADE

## *What It Is and What It Does*

THE Winnipeg Board of Trade is the largest and most representative body of its kind in the Dominion of Canada. This organization, 2,200 strong, is one of Winnipeg's post-war innovations to avoid duplication of effort in the development of the City in the years that are to come.

The Board of Trade is the spokesman for the City of Winnipeg. It is the clearing house for ideas—a centralized agency working every day for the betterment of Winnipeg; the promotion of new industries; development of our resources; advancement of art, music, education and all other phases of Community Building.

In a hundred proper and effective ways the Board of Trade is working in the interests of Greater Winnipeg. The prime object of this great organization is to ascertain the sentiments of the public and to mold the majority expression of the people toward constructive work for the good of the City as a whole.

The Board of Trade represents no special class. It is not a rich man's club. Neither is it a Labor Union. It is for every man—the average man—for the whole community. It has no personal axes to grind, no special interests to serve.

It is a Community Builder in every sense of the word.

The Board of Trade Building, equipped and maintained by this organization, has become the public Forum and centre of Civic life in Winnipeg. In it are held more than 1,500 meetings annually. It is the centre of attraction for visitors from all parts of the world. Within its walls the Board of Trade also supports an Art Gallery, Art School, Museum and Exposition of Made-in-Winnipeg goods.

### WORK COVERS WIDE FIELD

The Board of Trade objects are to do those things of material good for the City, the Province and the Dominion. To improve commercial, financial, professional, educational and social conditions in the City of Winnipeg in particular, and in the Province of Manitoba and the Dominion of Canada in general;

—To protect the interests of the City of Winnipeg. To promote the City's industrial growth and to seek to increase its population;

—To advertise Winnipeg throughout the world;

—To appear before parliament, the legislature of Manitoba, Municipal councils, courts, commissions, boards, and other public bodies to advocate policies designed to improve conditions;

—To conduct investigations of all kinds with the assistance of experts, if necessary, tending to improve conditions in Winnipeg;

—To hold conferences, exhibitions, shows, fairs, lectures, concerts and meetings of all kinds;

—To publish books, magazines, news bulletins, reports and articles of all kinds;

—To maintain Convention Halls, Concert halls, Committee rooms, lecture halls, Art galleries, Art Schools, Museums;

—To compile statistics about Winnipeg;

—To support all movements which have for their aim the elevating of the National life of Canada.

Every—EVERY citizen derives some benefit from the work the Board of Trade is doing. The Board of Trade is the great Community Builder of Winnipeg, the very backbone of Civic progress.

# THE ACID TEST

Lazzari stands beside the  
New Edison and sings  
"Mon cœur s'ouvre a ta  
voix"

Lazzari has now ceased to  
sing, and the New Edison  
is singing the song  
alone

The pictures on this page are from actual photographs. They show Lazzari in the act of comparing her voice with its Re-Creation by the New Edison. She sang. Suddenly she ceased to sing, and the New Edison took up the same song alone. There was NO DIFFERENCE. It was only by watching Lazzari's lips that the audience could tell when she had ceased to sing.

Any great artist that records on the NEW EDISON, challenges the instrument. BUT THE EDISON NEVER FAILS.

It is the only instrument that will stand this test.

👉 DO YOU WANT THE BEST 👈

Thanks to the genius of EDISON, you can now hear any of the great artists in your home—with complete assurance that the Re-Creation is indistinguishable from the living voice.
